## **Leeward suspends Myanmar operations**

James W. Davis, President, wishes to announce that Jet Gold and Leeward have decided to suspend their exploration activities in Myanmar and withdraw from the Set Ga Done gold concession. This action is dictated by recent political instability and the inability of Quad Energy S.A. to fund exploration under the option agreement.

The companies have operated successfully in Myanmar for many years. We have employed and trained Myanmar geologists, technical and office staff for the last five years in our exploration programs. We have worked with the Department of Geology and Mineral Exploration (DGSE) in evaluating the gold potential of Myanmar during that period. However, in the last several years, it has become increasingly difficult to operate under inflexible bureaucratic rules imposed on our operations.

For further information, contact James W. Davis at (403) 265-4077, ext.1.

All statements, other than statements of historical fact, in this news release are forward-looking statements that involve various risks and uncertainties, including, without limitation, statements regarding the potential extent of mineralization and reserves, exploration results and future plans and objectives of Leeward Capital Corp. These risks and uncertainties include, but are not restricted to, the amount of geological data available, the uncertain reliability of drilling results and geophysical and geological data and the interpretation thereof and the need for adequate financing for future exploration and development efforts. There can be no assurance that such statements will prove to be accurate. Actual results and future events could differ materially from those anticipated in such statements. These and all subsequent written and oral forward-looking statements are based on the estimates and opinions of management on the dates they are made and are expressly qualified in their entirety by this notice.
